Polish Geothermal Energy Plus (Polska Geotermia Plus)

Maria Cholewińska

9 February 2021

Purpose of the programme

- Improving the use of geothermal resources in Poland
- Reduction of harmful emissions
- Promotion of renewable energy sources, including geothermal energy
- Increasing the social awareness of the occurrence of geothermal resources and their use in Poland

Budget

Initial allocation

- PLN 300 M grant
- PLN 300 M loan

Allocation after 1st call

- PLN 185 M for grants
- PLN 152 M for loans

Implementation period:

Types of obligatory projects:

- Building a heating plant
- Modernisation of heat sources
- Making a borehole
- Borehole reconstruction

Types of auxiliary projects

- New sources of heat - RES
- Heat from cogeneration
- Waste heat
- Modernisation of heat distribution networks
- Building new connections
- Making the first research borehole

Summary of the first call:

13

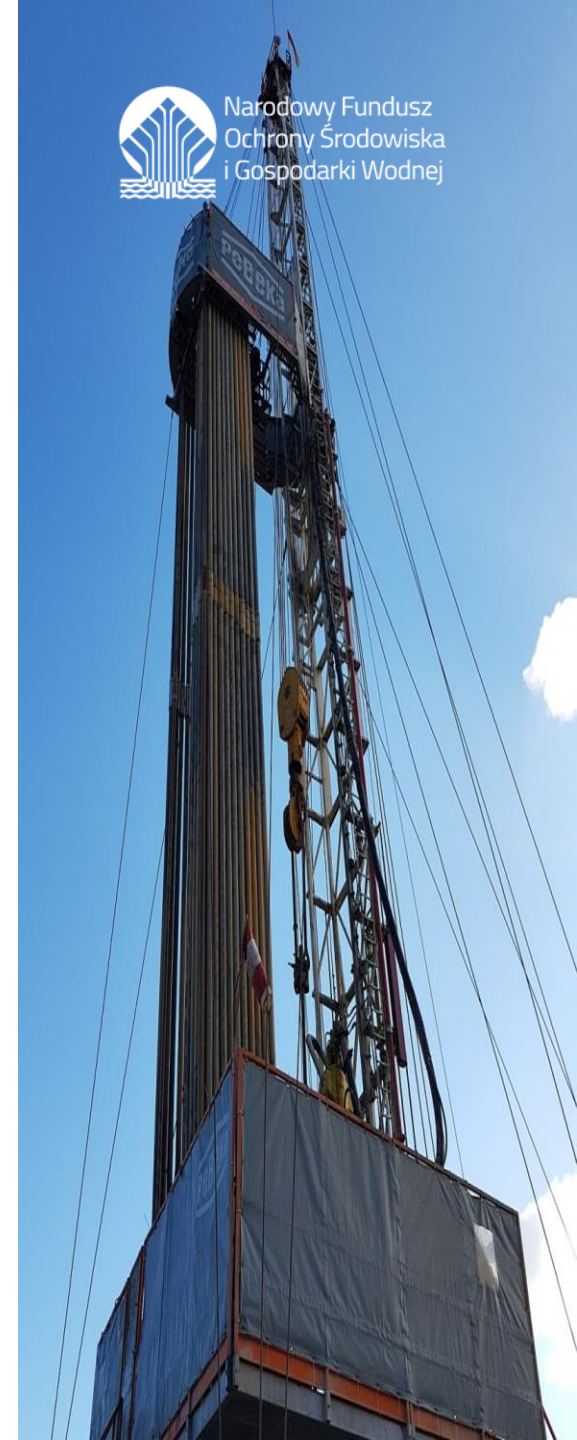

projects submitted **311 M PLN**

costs of executed projects

5

new geothermal plants **30.5 MW_{th}**

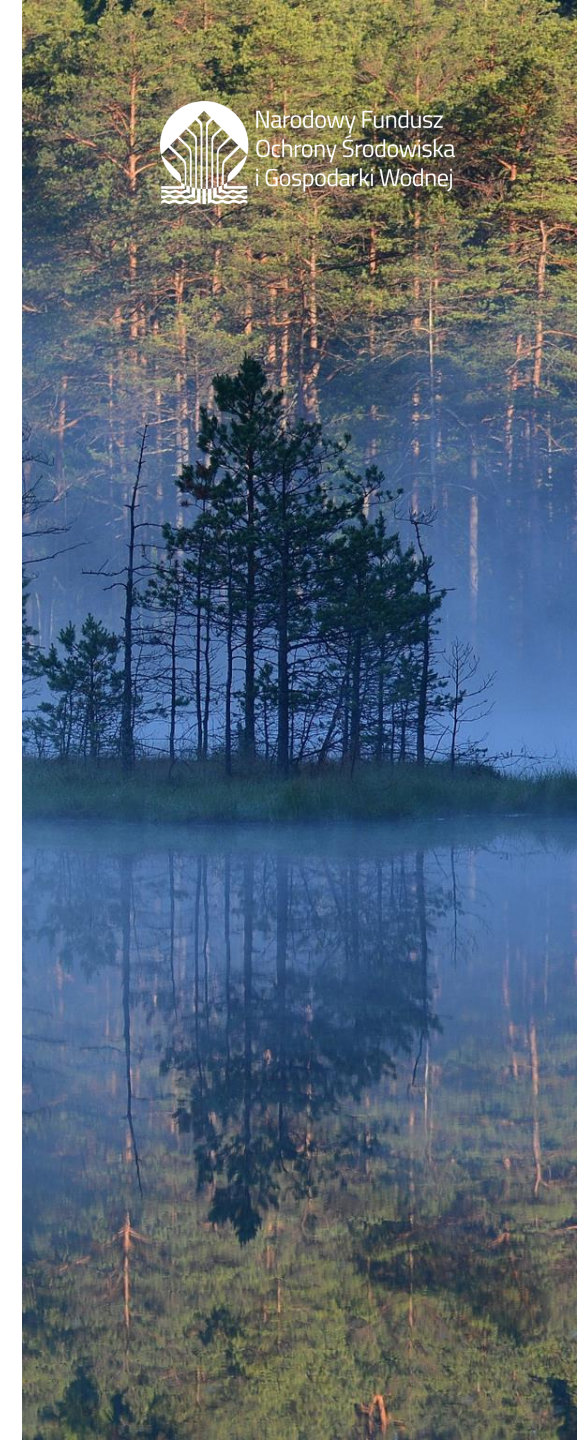

additional thermal power

Programme's further development

- Applicants' needs
- Consultations with current Beneficiaries
- Geothermal supporting financial instruments
- Direction of geothermal development in Poland
- Programme assumptions and objectives
- Intended beginning of the 2nd call: Q2 2021

Thank you for your attention

Dziękuję za uwagę
