

The EEA FM "KeyGeothermal" Project Final Conference, April 16, 2024

Venue: Conference room in Leonardo Hotel, ul. Grzybowska 45, Warszawa
Program

09.00-9.45	Registration
10.00-10.20	Welcome, Conference opening – <i>Project leaders, invited guests</i>
10.20-10.35	The EEA Environment, Energy and Climate Change Program 2014–2021 – realisation in Poland – <i>Piotr Bogusz (DEF Ministry of Climate and Environment)</i>
10.35-10.50	The role of EEA FM, NFM and KeyGeothermal Project in the geothermal development in Poland and bilateral cooperation – <i>Krzysztof Galos (Chief State Geologist, Undersecretary of State, Ministry of Climate and Environment)</i>
10.50-11.00	Geothermal projects in Poland co-funded by NFEP&WM, 2024 – <i>Robert Gajda (vice-president, NFEP&WM), Beata Kuś, Monika Żółkowska, Magdalena Misiurek (NFEP&WM)</i>
11.00-11.10	H.E. Hannes Heimsson – the Ambassador of Iceland in Poland
11.10-11.55	The EEA FM Project "Capacity building of the key stakeholders in the area of geothermal energy" – summary, contribution into implementation of the goals of the EEA FM Programme "Environment, Energy and Climate Change" 2014-2021 – <i>Beata Kępińska (Project manager), Baldur Petursson (project coordinator NEA team), Aleksandra Kasztelewicz (officer for information and communication)</i>
11.55-12.05	Group photo
12.05-12.45	Lunch
12.45-13.05	The EEA FM KeyGeothermal Project from partners' point of view – <i>Halla Hrund Logadóttir (Director General, NEA), Magdalena Wdowin (acting Director, MEERI PAS)</i>
13.05-13.25	13.05 – 14.55: <i>The role of the EEA FM KeyGeothermal in building the knowledge and awareness raising on geothermal energy – opinions of Project participants, cooperators (panel discussions):</i>
13.05-13.25	Training activities in Poland – <i>representatives of participants</i>
13.25-13.45	Study visits in Iceland – <i>representatives of participants</i>
13.45-14.05	Expert study visits in Poland and Reports from the Visits – <i>representatives of addressees of activities</i>
14.05-14.25	Experts, operators of visited geothermal installations
14.25-14.45	Project partners – lessons learned from the Project
14.45-14.55	Interpreters' points of view
14.55-15.10	Coffee break
15.10-15.40	Discussion – participants, partners, experts, operators (comments on Project, proposals, contacts established, maintain contacts among Project participants, partners, experts, etc.)
15.40-15.50	Some EEA FM and NMG geothermal projects participated by Polish teams (2014-2021) – a review - CO ₂ -Enhanced Geothermal Systems for Climate Neutral Energy Supply, EnerGizerS – <i>Anna Sowiżdżał (GH University of Science and Technology in Kraków)</i> - Improving the energy efficiency of geothermal energy utilisation by adjusting the user characteristics, User4GeoEnergy – <i>Leszek Pająk (MEERI PAS)</i> - Optimal management of low-temperature geothermal reservoirs - Polish-Icelandic cooperation on reservoir modeling, GeoModel – <i>Maciej Miecznik (MEERI PAS)</i> - Projects funded by the Energy Fund, Iceland – <i>Ragnar K. Asmundsson (NEA)</i>
15.50-16.00	The next edition of the EEA Funds and Norwegian Funds and opportunities for geothermal projects and initiatives – <i>Ministry of Climate and Environment representative, Baldur Petursson (NEA)</i>
16.00-16.10	Possibilities of further Polish-Icelandic cooperation on geothermal energy (EEA and NMF Funds, GEOTHERMICA initiative) – <i>Alicja W. Stokłosa (GEORG Geothermal Cluster)</i>
16.10-16.20	Summary, Conference closure – <i>Project leaders, Program operators</i>
16.20-16.30	Farewell coffee, individual conversations
